16 August, 2007

TO ALL KARTERS/COMPETITORS

**IMPORTANT NOTICE**

Dear Competitors,

The last round of the ROTAX MAX CHALLENGE as well as the ROTAX MOJO ASIA CHALLENGE will be held on 8/9 September, 2007 at the Sepang Karting Circuit.

KARTMORE RACING SERVICES has now taken over the role of sealing of engines prior to race day. Sealing of engines will be done at SHAP office in USJ from Monday to Friday from 9am to 6pm. Please arrange to bring your engines for sealing as early as possible to avoid delays. On race day Saturday, engines will be inspected and sealed by the Scrutineers. We will not be held responsible if you are delayed in whatever ways on that day. You have been informed that you can have your engines inspected and sealed way ahead of race day.

KARTMORE RACING SERVICES will not allow "seal and check later" basis anymore. If your engines are not inspected and sealed, you will not be allowed to race.

Overseas competitors should get their local Rotax distributor to check and seal the engines prior to shipment to Malaysia. If your engines are not sealed, then you will have to go through the same process as the local competitors.

I look forward to see you all at the race on Saturday 8 September, 2007.

  
JAMES LEONG
